Random Paul/Edith fact:

Edith was using a freephone internet provider which you could rarely get through to during peak times when she 'met' Paul. She'd connected in the early hours of the morning and no-one else was awake to speak to!

Ceratotherium simum

Mammal

North-eastern and southern Africa

Information

According to one theory, the term 'White' comes from the Afrikaans word 'weit', meaning 'wide', describing the rhino's wide mouth used for grazing. A white rhino's skin color is actually quite similar to that of the black rhino!
