Random Paul/Edith fact:

Paul and Edith share a common taste in music, with occasional differences: Paul thinks Rufus Wainwright whinges rather too much, while Edith has her reservations about the Magnetic Fields' more eccentric moments.

Animal info: Eastern grey kangaroo

Scientific name

Macropus giganteus

Class

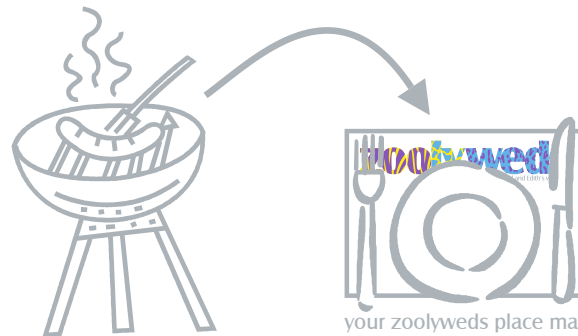

Mammal

Region

Australia

Information

Kangaroos are the only large animals to use hopping as a means of locomotion. The benefit of hopping is economy: in an infertile continent with very variable weather, the ability to travel long distances at moderately high speed is crucial.
