Paul and Edith's wedding

Wedding list

The items below had not been bought or reserved by any other guests at 12am on 18 August. Because there are so many guests there's a risk that someone will buy something before you, so if you're thinking of getting something from the list below, **please call us on 01322 315752 to let us know first!**

Because we've been living together for a year in our new house now, we've already had to buy many things we would otherwise have asked for as gifts. However, we've put some of these on the list, because they can still be gifts from you: if you give us the money we paid for an item as our gift, we'll then know that the item was from you. We call these 'Retrospective' gifts, and they're marked with an '®' symbol.

One last thing - please don't buy us any housey things that aren't on the list because if they're not there we may have them already, or not have anywhere to keep them in our rather small house!

We don't have a very big garden so please don't buy us huge sackfuls of bulbs, but at the same time we're bound to find room for whatever we're given!

Gift vouchers

So you don't think any of the gifts on the main wedding list are the right thing to get us, but you'd like to get us **something**? Instead, you could choose one of the vouchers described below.

Lakeside gift vouchers

Lakeside gift vouchers can apparently be spent in any of the shops in the Lakeside shopping centre or the nearby retail park, all of which combines as our preferred destination when we need a day at the shops.
